USSN: 10/682,423

**REMARKS** 

Q77871

Claims 4-6 are all the claims pending in the application. Applicants thank the Examiner

for allowing claim 6, and for indicating that claim 5 includes patentable subject matter. Solely to

advance prosecution of exemplary embodiments of the invention, Applicants have incorporated

the patentable features of claim 5 into claim 4, thus placing the application in immediate form for

allowance. Applicants reserve the right to prosecute other embodiments in a continuing

application.

In view of the above, reconsideration and allowance of this application are now believed

to be in order, and such actions are hereby solicited. If any points remain in issue which the

Examiner feels may be best resolved through a personal or telephone interview, the Examiner is

kindly requested to contact the undersigned at the telephone number listed below.

The USPTO is directed and authorized to charge all required fees, except for the Issue

Fee and the Publication Fee, to Deposit Account No. 19-4880. Please also credit any

overpayments to said Deposit Account.

Respectfully submitted,
